

## **P.I.T.C. REPORT / SEPT – OCT 2011**

### **UPCOMING AND ON-GOING COURSES:**

- CSTS (Safety Disc) - is required for those travelling west to work.
- R&R (Rights & Responsibilities) - is also required for those travelling west to work.
- CPR/First Aid - courses available. There must be 10 registrants before a date can be determined. Courses are held on Saturdays and Sundays.
- Fire Pump Course is open to all Sprinkler Fitters.
- UA Foreman's Course- we will need a minimum of 8 members for this course. It is open to members. (4<sup>th</sup> year and up)
- U.A. Shop Steward Course- 8 members are needed to hold a course.
- Maths upgrades course- for struggling Apprentices and anyone looking to improve their math skills.
- Plumbing upgrade course for struggling plumbing Apprentices.
- Engineered Air will be putting on a training seminar for their M-Trac controller for Direct Fired HE units.
- E.H. Wachs will be holding a product knowledge seminar in October on cold cutting and beveling tools.
- Any member interested in instructing courses at the Union Hall, please contact the Training Office

### **APPRENTICES:**

Please note that there is a math and plumbing upgrade course, this and other upgrade courses may be mandatory if you have **Failed** last level of School, and optional for others who want to excel in their Technical Training component of their Apprenticeship.

### **New:**

The Foreman & Shop Steward courses will be held on a part-time basis, to make it more convenient for the working members.
